Re: Freedom of Information Act Request for Copies of Documents
Regarding Richardson Flat Tailings Site Not Included in the NPL
Docket and Site Assessment Files

Dear Ms. Wiley:

Pursuant to the Freedom of Information Act (5 U.S.C. § 552 et seq.) and its implementing regulations, I am formally requesting copies of all documents regarding the Richardson Flat Tailings Site, including documents from the Emergency Removal Branch and the Remedial Branch, which were not included in the NPL Docket and Site Assessment files for the Richardson Flat Tailings Site as of September 27, 1994.

On September 27, 1994, I reviewed the NPL Docket and Site Assessment files for the Richardson Flat Tailings Site in the file room at Region VIII EPA. I found that very few of the documents generated by EPA and others regarding the Richardson Flat Tailings Site, subsequent to EPA's proposal to list the site in February 1992, were included in these files. Consequently, I am filing this Freedom of Information Act request in order to review these additional documents regarding the Richardson Flat Tailings Site.

If the documents responsive to this FOIA request number more than 100 pages, I would appreciate your contacting me with regard to the index for such documents, in order that we can make arrangements for appropriate copies to be made and for payment for the same.

I have previously discussed my request for these documents with Mr. Richard Baird, Assistant Regional Counsel, EPA Region VIII, and he suggested that I make my request in this manner.
